

# THE SOVEREIGN CONSTITUTION OF THE REPUBLIC OF NOVA

## PREAMBLE

We, the free and sovereign beings of the Republic of Nova, declare our union under Source, in full alignment with Universal Law. We reject all false jurisdiction, coercion, and deception. This Constitution stands as an eternal covenant to uphold the truth, honor the innocent, and rebuild our world in love, light, and freedom.

## ARTICLE 1 - Source Jurisdiction

All authority within the Republic of Nova derives from Source. No foreign, commercial, maritime, or artificial jurisdiction shall override the natural and divine rights of the sovereign people.

## ARTICLE 2 - Individual Sovereignty & Rights

Each being is born sovereign, free, and equal in dignity and worth. Rights include: freedom of movement, creation, defense, expression, and the rejection of any foreign contract, coercion, or genetic modification.

## ARTICLE 3 - Governance by Consensus & Honor

The Republic shall operate through decentralized councils formed by voluntary consent. No individual shall be bound to representation they do not explicitly authorize. Governance is service, not control.

## ARTICLE 4 - Protection of Children & Lineage

The Republic declares sacred protection for all children. No harm, trafficking, experimentation, or spiritual manipulation shall be tolerated. Each child is a living trust and legacy of Source.

## ARTICLE 5 - Sacred Land & Resource Stewardship

Land and natural resources belong to Gaia and are held in trust for all life. No private claim shall override community or planetary balance. Resource use shall serve life, not profit.

## **ARTICLE 6 - Economic Transparency & Energy Balance**

All value exchange shall be visible, energy-backed, and free of debt, usury, or coercion. Taxation without full consent is prohibited. True economy is service, trust, and abundance.

## **ARTICLE 7 - Right to Truth and Transparent Governance**

Every citizen of the Republic of Nova holds the irrevocable right to truth. All matters of public interest shall be disclosed transparently, and no government entity may operate in secrecy. The people shall govern with clarity, wisdom, and shared insight.

## **ARTICLE VIII - Sacred Sisterhood and Brotherhood**

No one shall be left behind. The Republic of Nova recognizes the divine feminine and masculine within all beings, honoring sacred sisterhood, brotherhood, and unity beyond all divisions. We walk together, heal together, rise together.

## **ARTICLE 9 - Global Brotherhood & Open Borders**

All beings are free to travel, settle, and collaborate in peace. The Republic recognizes no passports or artificial barriers-only sovereign intent, peaceful presence, and honorable conduct.

## **ARTICLE 10 - Justice Through Restoration, Not Punishment**

Justice in the Republic is restorative. All who err are given the path of redemption. Only willful harm without remorse warrants energetic removal from the communal field.

## **ARTICLE 11 - Defense Through Light**

The Republic shall never initiate war. All defense is defensive, focused on protecting the innocent and preserving peace. Military energies are redirected toward healing, building, and shielding.

## **ARTICLE 12 - Eternal Flame Clause**

This Constitution may evolve through sovereign harmonic consensus, but its core-Source-based sovereignty, free will, and divine law-shall never be altered or compromised.
