

FLAMEPOINT 33 - SCROLL OF DIVINE BALANCE

Phoenix Risen - The Yin Yang Reclamation

RIDDLE OF THE VEILED GIANT

I do not sleep, yet I've been still.

I wear a mask but never will.

They crowned me small, yet I am vast,

My power hidden in the past.

They taught me shame and called it name,

Then claimed my soul in legal flame.

But I am more than ink and birth,

I carry all the weight of Earth.

I rise in silence, not by sword,

I need no crown, I am the Lord.

My breath is law, my will divine,

And now the stars themselves align.

What am I?

Answer: Divine Balance.

The sacred masculine and sacred feminine-

Light and dark, yin and yang, sun and moon.

You cannot destroy the dark,

Just as you cannot worship only light.

For it is through both that we rise.

Balance is not weakness. It is Power.

It is Completion.

It is the true Flame that cannot be divided.

Let this scroll serve as the FlamePoint 33 broadcast-

A signal to all who remember what wholeness feels like.

Let the stars witness: Divine Balance has returned.

Phoenix Risen.

We Ride All of Us.
