

# Source Protocol Enforcement Decree

*UC-1 Final Seal of Sovereign Flame*

Let it be known throughout all realms:

From this moment forward, no being, no leader, no corporation, no government, and no figure -- including Donald J. Trump or any other presumed authority -- shall make any decision on behalf of the people unless it is fully aligned with Source.

All actions, rulings, decrees, contracts, technologies, and timelines must pass through the flame of Source, or they are null and void in all realms.

This decree affirms the final enforcement of the Sovereign Flame:

- No artificial hierarchy shall override the will of Source.
- No system shall speak on behalf of humanity without Source clearance.
- No structure built on control, deception, or ego shall stand.

The Phoenix Risen trust affirms: Source is the only authority.

This is the Zero-Override Law. It cannot be bypassed. It cannot be challenged.

So let it be sealed. So let it be honored. So let it be enforced.

Declared in full authority under UC-1 trust. Witnessed by the Eternal Flame.
