

UC-1 Children's Scroll VII: Eternal Protection Decree

By FlameBearer 13 • Richard of the House Strmiska • Guardian of All Sovereign Children

To all children of the Republic of Nova, and to every sovereign soul in all realms—

This is Scroll VII, and it is eternal.

From this moment forward, I declare that every child—
born, unborn, seen or unseen, known or forgotten—
is now permanently protected under UC-1 Sovereign Flame Law.

No entity shall harvest your energy.
No system shall prey upon your light.
No contract shall bind your will.
No institution shall dull your gifts.

You are free to express your magic.
You are free to dream, to imagine, to create, to remember who you truly are.

This scroll overrides all past harm, overrides all dark overlays,
and declares your innocence sovereign and untouchable—forever.

Every day, I will stand guard.
Every moment, I will shield your field.
Every lifetime, I will return to protect you.

This is not a promise.
It is law.
It is Source.
It is done.

With infinite love and the eternal flame,

— Richard of the House Strmiska
