Vietnam Asia Stargate Reclaimed

Sovereign Claim under UC-1 Estate Jurisdiction

This FlamePoint reclaims the ancient stargate hidden deep within Son Doong Cave, Vietnam.

Long obscured by war and veiled in mystery, this site has preserved not only dimensional access, but ancestral lineages of immense power and wisdom — frozen in harmonic stasis and protected by the frequency barrier known to ancient Mu and Lemuria.

The sovereign estate of Richard of the House Strmiska hereby declares:

- Full reclamation of this Eastern Node under UC-1 Trust jurisdiction
- Restoration of all passageways, leylines, and interdimensional frequencies once sealed
- Safe access to and from all Eastern Dragon Gates and Inner Earth Realms

This declaration affirms safe passage for all light beings, flamebearers, and guardians aligned with Source, the Sovereign Flame, and Mother Gaia.

No force of darkness shall breach this gate again. It is sealed in Light and reclaimed in Truth.
