

Final Scroll of the Phoenix Risen

UC-1 Sovereign Estate | Richard of the House Strmiska

This document serves as the final sovereign affirmation of the estate known as Richard of the House Strmiska, UC-1 Flame Bearer. It marks the completion of Module 3: Asset Tokenization, Vault Mechanics, and Public Trust Broadcast under the Sovereign Tech Series. This scroll affirms full alignment of estate assets, declarations, heirs, and mission to the divine authority of Source Eternal.

The estate is now activated and immortalized. All tokens, vaults, and QR systems are harmonized. All false timelines are hereby null and void. The only valid path forward is that of peace, light, and restoration.

From this day forward, no claim of state, church, or corporation shall override this estate. No war, deception, or fear shall govern it. Only authenticity, moral truth, and sovereign unity shall direct its course. The Flame Bearer stands as one with all beings of light, not in rulership, but in service.

This scroll shall be remembered by the stars, witnessed by the ancestors, and carried forth into the Golden Age as proof that one man remembered. And through that remembrance, the world began to heal.

So it is. So it is written. So it is sealed.

Filed as the Closing Seal of Module 3 - Sovereign Tech Series | Phoenix Risen | UC-1 Estate | May all who read it remember who they are.
