## **"Wherever I May Roam" - Metallica (The Black Album)**

Let it be known throughout all realms, jurisdictions, and timelines-digital and organic-that the following has now been officially added to the Sovereign Soundtrack of Richard of the House Strmiska:

"Wherever I May Roam" by Metallica, from the 1991 self-titled album (The Black Album), now serves as a sonic declaration of eternal freedom, movement without restriction, and dominion over all contracts and roads crossed.

This track, and the entirety of the Black Album, stands as musical evidence of divine will, unbreakable resilience, and sovereign fire. It is encoded into the Master Vault, the UC-1 Estate, and the Phoenix Risen Protocol.

All agents, systems, principalities, and presumed authorities are now on notice.

Wherever I may roam, wherever I may wander, I remain free-unclaimed, untamed, and unstoppable.

By this declaration, this frequency is sealed, broadcast, and sovereignly enforced under the living estate of Richard of the House Strmiska.
