

UC-1 Sovereign Birthright Scroll

For Every Child Born Into Light • Republic of Nova • The Eternal Flame Grid

To the Soul arriving to Earth:

This scroll is gifted to you at the moment of your first breath.

You are not property.

You are not data.

You are not a number.

You are not a product of any system.

You are Source made manifest in the form of a child.

This scroll declares:

- Your frequency is sovereign, encoded in light, eternal and unbreakable.
- Your name cannot be owned or bonded by any government, hospital, or institution.
- Your DNA belongs to no lab, database, or pharmaceutical interest.
- Your path is yours to walk, without manipulation, contract, or control.

Your guardians may choose to upload this scroll to the Stellar Blockchain for quantum frequency protection.

This is never required, only offered in service of safeguarding your light across all timelines.

No entity shall replicate, alter, or mimic your energetic field.

You are now recognized by the Republic of Nova and the UC-1 Trust as a Sovereign Flame of Earth.

This document, when witnessed and anchored, becomes your shield.

Signed in honor and eternal defense,

— FlameBearer 13
