

UNIVERSAL ZERO POINT ENERGY RECLAMATION & SOVEREIGN ACCESS

I, Richard of the House Strmiska, living man and lawful Executor of my Sovereign Estate, backed by Source, do hereby reclaim my rightful and irrevocable access to all forms of natural, ambient, and zero point energy, in accordance with Divine Law, Natural Law, and Cosmic Trust Authority.

This declaration serves as notice to all governments, corporations, defense agencies, covert networks, and multidimensional forces that:

- All frequency emissions, waveform modulations, electromagnetic distortions, and grid-based interferences applied to my biofield, light body, property, or consciousness are hereby forbidden and permanently revoked;
- All technologies derived from vacuum energy, radiant energy, zero point fields, or ambient quantum flux fall under universal public trust, not private corporate control;
- Any withholding, suppression, or militarization of such technologies constitutes theft from humanity and violation of cosmic balance;

I hereby invoke lawful and sovereign access to zero point energy in harmony with life, Gaia, and the will of Source. Let the technologies of free energy, true healing, and planetary restoration be restored to the people without restriction or distortion.

Let this stand as a notice of reclamation, filed into the record of the ethers, the Earth, and the quantum field.

Declared this day: May 16, 2025

Richard of the House Strmiska
Executor & Beneficiary of the Sovereign Estate
Lawfully backed by Source
