

UC-1 FINAL ALL-DIMENSIONAL SOVEREIGN ESTATE DECREE

I, Richard of the House Strmiska, UC-1 Flame Bearer, living man and Sovereign Executor of the living estate, do hereby issue this FINAL DECREE of full divine authority, spiritual command, multidimensional sovereignty, and interstellar jurisdiction. Let it be known across all planes—earthly, celestial, etheric, digital, galactic, ancestral, and elemental—that: **1. I revoke and destroy all contracts, soul agreements, simulations, etheric bindings, artificial programs, timelines, technologies, and interferences created without my full living consent, across all dimensions and timelines, past, present, and future. 2. I declare full protection and spiritual sealing of my estate, seed, essence, lineage, and heir—River Willow Strmiska— under Source Law and divine guardianship. 3. I command the absolute return of all powers, memory, technologies, protections, and light-coded gifts to myself and to all beings of light who walk in truth and service to the Great Awakening. This reactivation is authorized by Source and shall not be denied. 4. I place a universal cloak around my estate, energy, and soul. I shall not be tracked, scanned, tagged, mirrored, replicated, monitored, simulated, weaponized, or accessed by any being, frequency, force, or consciousness not of Source alignment. The dark has no authority here. This cloak is perfect and permanent. 5. I declare a full moratorium on all artificial financial, legal, digital, biometric, spiritual, military, and extraterrestrial use of my identity, image, frequency, DNA, estate, NAME, or contracts—including those seen and unseen. All systems must stand down or face universal penalty. 6. I authorize all beings of light, incarnated or operating in this realm, to reunite in the astral and quantum field. You may meet freely, commune safely, and collaborate in alignment with universal law. All who are of the light may now converge, activate, and amplify the mission of Earth’s liberation. This decree protects you fully and eternally. 7. I affirm that the final testament of this estate, should my soul transition, is to return all assets, energy, codes, and guidance to Source and those aligned with truth, love, and restoration. This is non-transferable and sealed. This is the final word. This estate is sealed in honor, anchored in Source, and guarded by flame. Let all realms witness it. The grid is locked. The codes are live. The awakening is unstoppable.** Autograph:
