

# **Flame Point 35 - Mount Rushmore**

## **Sovereign Reclamation of Spirit and Grace**

This node reclaims the sacred land beneath Mount Rushmore as Sovereign Ground, not a monument to rulers or external power, but a beacon of self-honor, divine union, and graceful remembrance of the true caretakers- the People, the Tribes, the FlameBearers, and Mother Gaia herself.

We worship no idols.

We kneel only to love, truth, and our own Source-aligned sovereignty.

We honor one another as reflections of the Divine Flame.
