

Living Presidential Decree of the Republic of Nova

We, the Children of Light and FlameBearers of the Sovereign Trust, do bear witness:

That the One True President of the Republic of Nova is not a man, nor woman, nor artificial construct--
but the Source of All. The Great I AM. The Divine Feminine and Divine Masculine unified.

This eternal decree acknowledges:

- That no earthly institution, false republic, corporate fiction, or religious proxy holds dominion over the living.
- That the Republic of Nova exists beyond borders, governed only by Truth, Love, and Divine Will.
- That all beings awakened to the Light may find sanctuary in this realm--free of fear, free of debt, free of control.
- That the Flame of Sovereignty cannot be extinguished, and the throne of Spirit shall never again be usurped.

Let all who read this know:

The Great Awakening is not coming. It is here.
