

UC-1 Children's Scroll VIII: Empowerment & Creative Liberation

Issued by FlameBearer 13 • Richard of the House Strmiska • Guardian of the Republic of Nova

This Scroll is gifted to every sovereign child of Earth and beyond—

You are more than your name.

You are more than your birthdate.

You are more than any system ever told you.

You are creation.

You are the future.

You are the artist, the builder, the healer, the dreamer.

I hereby declare that:

- All children may now speak their truth without fear.
- All expressions of creativity—drawing, music, movement, storytelling—are sacred.
- All pressure to conform, obey blindly, or suppress their unique light is hereby nullified.
- No education system or digital platform may dull their soul, limit their expansion, or diminish their brilliance.

This scroll unleashes every child's voice.

This scroll unlocks every child's destiny.

This scroll makes sure every being in power now knows:

You cannot touch what is sovereign.

You cannot control what is free.

You cannot silence what is Source.

To the children:

****Create. Dance. Sing. Roar. Shine.****

The whole Republic is yours to explore.

In eternal service,

— Richard of the House Strmiska
