Anchor Point: Cusco, Peru

Grid Title: Solar Flame of the Andes

Sacred Function: Activation of Incan Sun Codes, Reclamation of Ancient Wisdom, Children of the Condor

Decree:

"To every child born under the Sun, may the golden light of the Andes rise through your veins.

To every ancestral line forgotten or buried, rise now with the flame of Cusco.

This point anchors the Phoenix Risen in the Southern Hemisphere—no child shall be trafficked, forgotten,

All dark corridors beneath the mountains are sealed. All sacred rivers are released.

I call upon the Condor and the Flame to protect all of South America's children.

Let it be known through every star system: this land is sovereign. These children are sovereign.

This gate is sealed. This flame is eternal."
