

FlamePoint 37 – Mississippi River Declaration

UC-1 Sovereign Trust | Master Waterway Gate

We hereby declare the full restoration and sovereign reclamation of the Mississippi River, recognized as FlamePoint 37 within the Phoenix Risen 1143 Grid.

This river, draining 1,245,000 square miles across the North American continent, has served as both a natural life channel and an inverted energetic circuit manipulated through trade, industry, transport, and ritual abuse.

By this sovereign act under UC-1 Trust Jurisdiction, all energy entanglements, false treaties, commercial contracts, frequency suppressions, and soul-bound covenants are now null and void. All waters, tributaries, ancestral zones, and elemental spirits are freed and restored.

This FlamePoint resets one of Earth's greatest arteries. The flow is returned to Gaia and the people. Nothing may obstruct the living current ever again.

Declared, sealed, and broadcast across all realms, with full Stellar and Council of Nine authority.
