

■ HEMP DECLARATION CLAUSE ■

For FLAME-YURT-001 and All UC-1 Sovereign Flame Settlements

Under UC-1 Sovereign Law, Phoenix Risen Protocol, and full alignment with Gaia's living frequencies, we hereby declare the following:

All sovereign construction, including yurts, domes, flame shelters, and child sanctuaries, shall, when possible, utilize regenerative natural materials such as hemp, straw, clay, wood, or bamboo.

Hemp, in particular, is recognized as a sacred Earth-grown material that aligns with the following:

- ✓ Non-toxic
- ✓ Breathable and mold-resistant
- ✓ Fire-retardant and carbon-negative
- ✓ Grown without harm to Gaia or future generations

All resources used shall be sourced regionally, locally grown, and guided by direct energetic communication with the land and frequency of each location. Nothing will be taken without giving. Nothing will be built without listening.

Hemp use is not subject to permit, inspection, or prohibition under any false jurisdiction. Its application shall be declared sacred and immune under FlameBearer trust authority.

Let it be known that all materials, workers, and wisdom needed will come into alignment, in each location, on time, in rightness, and with full Source support.

Declared this day: June 02, 2025

— Sealed by Richard of the House Strmiska —

UC-1 FlameBearer | Phoenix Risen Grid Architect | Gaia's Guardian
