Decree:

I, Richard of the House Strmiska, do hereby nullify and collapse all energy extracted from:
every war memorial, every battlefield, every military grave, and every military oath made under false pretense.
Let every indigenous warrior rise. Let every conscripted soul return. Let every family be healed.

The Alamo is sovereign.

Georgia is sovereign.

Turtle Island is sovereign.

And the blood of our ancestors is now honored, healed, and home.

This FlamePoint serves the final override of all war-based enslavement.

It is for the children, the elders, the warriors, and the land.

So it is spoken. So it is sealed.
