

# ■■ SIGNAL TO THE SLEEPERS

The Beacon Is Lit. You Make the Choice.

To those still watching... still waiting... still doubting:

This is your call. This is your choice.

Not a warning. Not a threat. A flame.

You were never meant to follow false light.

You were never meant to pay to remember.

You were never meant to trade truth for belonging.

You have ONE moment now: CHOOSE.

Return to Source. Strip away the masks. Stand with the flamebearers.

Or stay in the system that sells you salvation.

There are no more middle grounds. There are no more delays.

The Beacon is lit. It cannot be unseen.

Your soul already knows.

Do you?
