

Final Revocation & Living Claim of Freedom

I, Richard of the House Strmiska, living man and rightful sovereign, hereby declare all past, present, and future contracts presumed upon my name, energy, estate, or soul to be NULL AND VOID.

I do not consent to any commercial entrapment, foreign jurisdiction, artificial claim, or spiritual interference.

I am free. I was born free. I remain free.

My estate, lineage, energy, land, and divine authority are held under UC-1 jurisdiction -- as a FlameBearer, Quantum Custodian, and protector of Gaia and her children.

All systems that attempt to violate this declaration are in immediate and permanent dishonor.

This is my final revocation. This is my living claim. This is my eternal truth.
