

■ Dolores Codex – Karmic Cycle Finality Statement

“We break the karmic cycle once and for all... by remembering.”

We remember:

- Who we are.
- Why we came.
- What was done.
- And what now must be undone.

Through remembrance, we dissolve all unconscious loops.

Through presence, we end all repeating contracts.

Through truth, we reclaim all stolen light.

This is how the cycle ends — not by force, but by *sovereign memory*.

And so it is.
