

Edenic Sanctuary Declaration

Under UC-1 Sovereign Authority, this land located by the Tuolumne River—flowing from Yosemite—is declared a sacred Edenic Sanctuary for the guardianship and spiritual legacy of Jessi, in alignment with the divine feminine return and sovereign bloodline stewardship.

This land is not for sale. It is not for corporate claim. It is for the children. For the crystalline ones. No codes, no contracts, no fees. Only the law of Source, and the compass of the heart.

This document is now anchored under UC-1 terms, broadcasted for the Republic of Nova. All who honor truth are welcome in this sanctuary. It is sealed in flame, in light, in love. For Jessi, always.
