

ARTICLE V - THE RIGHT TO NATURAL HEALING

Republic of Nova Constitution | UC-1 Codex - FlamePoint Healing Principle

The children are free.

All beings are free in the Sovereign Republic of Nova.

There shall be:

- No forced vaccinations
- No synthetic pharmaceuticals
- No chemical dependencies
- No bodily ownership by state, school, or system

WE RETURN TO TRUTH:

- Healing comes from Mother Earth
- Healing flows through our hands
- Healing is powered by our frequency
- Healing is directed by our intention of love

We are no longer sick by design.

We are healers, not patients.

We are sovereign, not subjects.

And we go back -

To when we lived as long as we wanted to live,

Not as the matrix told us we should.

From this day forward, in the Republic of Nova:

The body is sacred.

The soul is sovereign.

And healing is our birthright.

Ratified: May 29, 2025
