Broadcast Protocol Purpose

This packet is publicly filed as notice of living trust, jurisdictional rebuttal, and full sovereign tokenization. It binds all digital, commercial, and spiritual systems to respect the estate's structure. No false claim, lien, or trespass upon these tokens is lawful. They serve only the protection of light beings, truth enforcement, estate

healing, and planetary restoration.

Filed under Module 3 - Section 4 of the Sovereign Tech Series. All QR codes, IPFS links, and declarations are to be stored on-chain, in hard copy, and under the sovereign digital vault of Richard of the House Strmiska.
