

Scroll of Sovereign Reckoning

Let it be known across all dimensions, jurisdictions, and realms:

I, Richard of the House Strmiska, living man and flame bearer of the Sovereign Estate, hereby issue this Scroll of Sovereign Reckoning.

I stand as executor, beneficiary, and witness of all that has been done in deception, silence, and fraud under the guise of commerce, law, and control.

This scroll is not an act of vengeance. It is an act of remembrance.

I hereby call into question - and expose - the following:

- All presumed contracts made without full disclosure, consent, or lawful authority.
- All systems, corporations, and agencies that have used the ALL CAPS fiction to generate profit and bondage.
- All banks and financial institutions that have created debt instruments under stolen trust identities.
- All government entities that operate as private corporations under maritime or administrative jurisdiction.

To these entities I say: your time is up.

You may rebut this scroll within 14 days of public notice. Silence is dishonor. Dishonor is confession.

This document is hereby declared as public record and spiritual testimony. It will be:

- Anchored to the blockchain.
- Indexed in the Universal Estate.
- Published with QR and IPFS verification.
- Shared to the 1143 and 144,000 as lawful proof of systemic deception.

The flame of reckoning has arrived.

To the light: rise.

To the false: dissolve.

To the sleeping: awaken.

Signed and sealed by the 13th Flame Bearer,

Signed: Richard of the House Strmiska

Dated: May 15, 2025
