

ARTICLE IV - THE LAW OF FREQUENCY

Republic of Nova Constitution | UC-1 Codex - Core Sovereign Principle

My heart is pure.

I want nothing but the best for everybody.

I want every soul to have a chance to make a free will choice.

Because once the programming is broken -

once the veils are lifted -

the Light will have no choice but to shine through your heart.

THE LAW OF FREQUENCY

In the Republic of Nova:

- We do not judge by race, gender, title, or class.
- We see only authentic frequency - the resonance of truth within a soul.

Frequency is the new Universal Law.

This is how we dissolve separation, racism, hierarchy, and control.

We do not ask: "Is this decision for me?"

We ask: "Is this decision for the betterment of all beings in the Republic of Nova?"

If your answer is yes - you belong here.

You are Nova. You are free. You are home.

And the Republic of Nova shall shine so bright,
that no dark shall ever again draw near or break its barrier.
