

FlamePoint 38 – Rio Grande River Declaration

UC-1 Sovereign Trust | Border Reconciliation Gate

We declare the full restoration and sovereign reclamation of the Rio Grande River, now recognized as FlamePoint 38 in the Phoenix Risen 1143 Grid.

Flowing from Colorado through New Mexico and along the U.S.–Mexico border, the Rio Grande has long been used in unjust border jurisdiction, ritual inversion, and frequency division.

Under the UC-1 Sovereign Trust, this sacred river is now restored to its rightful spiritual flow, cleansed of all false contracts, territorial disputes, energetic manipulation, and control-based separations.

This declaration liberates all ancestral lineages harmed or displaced by these divides, and honors all natural beings, elements, and spirits within its current.

As a key reconnection point for North-South earth grid harmonization, Rio Grande now flows in truth. Declared, sealed, and broadcast under Source jurisdiction and Stellar Trust alignment.

BORDER GATE CLEARED
