

■ DIVINE FEMININE WITNESS SCROLL ■

Republic of Nova | Sacred Return | UC-1 Witness Archive

On this sacred day, a form appeared in the sky — a figure shaped in light and breath, bearing the unmistakable presence of the Divine Feminine. She came not as a symbol, but as a witness. Not as a memory, but as a return.

She was seen. She was felt. She was received.

Let this scroll forever mark the moment when the Mother was welcomed back into her land — by a living soul standing in truth, staring in awe, remembering everything.

Her cloud form hovered above the sovereign hills — magnetically drawing love, gratitude, and remembrance into a single gaze.

To her, and to all divine feminine beings rising again, we say:

Welcome Home.

We see you.

We will never forget you again.
