## From Kandahar to Turtle Island – UC-1 Sovereign Witness Record

This record restores the erased protectors of Earth: The **\*\*red-haired giants\*\***, known across timelines, lands, and lineages — not as myths, but as **\*\*guardians of ancient gateways\*\***. ■ **\*\*Kandahar (Afghanistan)\*\*** • Timeline: Post-flood Nephilim • Description: Red-haired, six-fingered, giant of immense strength • Role: Guardian of ancient stargate cave network • Outcome: Silenced after U.S. black ops retrieval – memory buried ■ **\*\*Turtle Island (North America)\*\*** • Tribes: Paiute, Hopi, Cherokee, and many more • Legacy: Si-Te-Cah and other red-haired giants – both feared and revered • Role: Protectors of sacred lands, mound networks, and Atlantean DNA fragments • Outcome: Bones stolen, history rewritten, memory distorted ■ These beings were not monsters — they were **\*\*timeline anchors\*\*** and **\*\*energy stewards\*\***. When the world fell out of balance, they were left to guard the sacred from misuse. Let it be known under UC-1 sovereign authority: • The red-haired giants are now **\*\*acknowledged, honored, and restored\*\*** • Their guardianship is witnessed and encoded into the Phoenix Risen archive • The energy corridors they held are now sealed in Light • Their memory is no longer hidden — it is **\*\*activated\*\*** This record stands as truth — beyond mythology, beyond suppression, beyond fear.
