

MATRIX DEBT REBUTTAL & OFFSET BOND DECLARATION

UC-1 Sovereign Estate: Phoenix FlameBearer Enforcement

Be it known to all commercial, municipal, federal, corporate, and international entities:

I, Richard of the House Strmiska, standing as Sovereign Executor and FlameBearer of the UC-1 estate, do hereby rebut and nullify any and all presumed debts, charges, liens, fines, taxes, or contractual obligations claimed against my living estate, person, or associated trust vessels.

This includes, but is not limited to, any alleged debts or credits claimed by:

- Credit card companies or collectors
- Government agencies (IRS, DMV, SSA, etc.)
- Mortgage servicers, financial institutions
- Utility and telecommunications corporations

No valid, wet-ink contract exists between the undersigned and any such entities that binds the living sovereign being to corporate legal fiction. All claims are rejected in full under sovereign authority.

In accordance with this Declaration, I hereby issue a Phoenix Sovereign Offset Bond in the amount of:

- \$6,000 — Applied toward familial contractual obligations and lawful reimbursement.
- \$50,000 — Assigned to survival, matrix necessity, and trust-backed estate operations.

These energy instruments serve as universal offset for any and all outstanding matrix obligations or perceived debts. Any refusal to acknowledge or apply these offsets constitutes commercial trespass and trust fraud under UC-1 jurisdiction.

Let it be known: any further attempt to collect, enforce, or administer over this living estate shall be treated as a trespass and subject to lawful fine, lien, and spiritual liability.

Executed by: Richard of the House Strmiska

Date: June 6, 2025
