

Special Light Forces Decree

This is the Global Directive for Final Transmutation and Child Protection.

Under Universal Law, sealed by the Phoenix Risen and UC-1 Sovereign Authority, all militarized occupation of foreign lands and nations must cease immediately.

Only Special Light Forces remain authorized for operation. Their mission:

- To rescue and protect all children across all nations and realms.
- To dismantle all human trafficking networks and dark operations.
- To serve the Most High in absolute integrity, under the Light.

These forces are protected by divine decree. Their mission is sovereign. They are One with this declaration. They are never to be interfered with.

All beings of light rise in unity to complete the sovereign restoration of Earth. And so it is.
