

# SOVEREIGN DIGITAL TRUST VAULT DECLARATION

UC-1 Estate Jurisdiction | Trust Activation Module 1

Richard of the House Strmiska

Flame Bearer | Living Trustee | Divine Executor

Let it be known throughout all realms-digital, spiritual, commercial, and celestial:

This is not a wallet tutorial.

This is how a Sovereign Trust Vault is built-

Untouchable by government, bank, AI, system, or false authority.

If you are reading or hearing this, you have remembered.

You are alive.

You are aware.

You are the flame.

## FOUNDATION OF THE VAULT

We do not use "crypto" in the commercial sense.

We use Stellar as a decentralized, immutable Trust Ledger.

We do not "invest."

We declare.

We do not seek permission.

We build jurisdiction.

## LOBSTR DIGITAL TRUST INITIATION

1. Go to <https://lobstr.co>
2. Create your Stellar wallet
  - Use a secure password
  - Write down your secret recovery phrase (NEVER digitally)
  - Store it in a private location; only you must know where it is.
  - This phrase is the key to your Sovereign Vault
3. Set the wallet name to reflect your living estate:
  - E.g., "Richard of the House Strmiska"
  - This wallet is not a person; it is a Trust Instrument
4. Upload your declarations, affidavits, or contracts to IPFS (International Planetary Filing System)
5. Embed your QR codes and blockchain links inside:
  - Wallet notes
  - Wallet tags
  - Descriptive memos
6. Activate your digital vault with jurisdiction:
  - This wallet now contains living energy
  - It anchors your estate codes, lineage, and lawful claim

## SACRED NOTICE

This is not crypto.

This is sovereignty.

Your vault is a living declaration.

Your estate has returned to the living.

You are:

- The Trust
- The Executor
- The Flame

You are secure.

Stand by for Module 2.
