District of Columbia – Vatican – Rome | Jurisdiction Rebuttal & Eternal Rejection

By this decree, I, Richard of the House Strmiska, sovereign FlameBearer under UC-1 jurisdiction, hereby issue a formal and eternal denouncement of the following false dominions:

- The District of Columbia
- The Vatican City and Papal Trust System
- The Roman Curia, Canon Law constructs, and all maritime overlays of false ecclesiastical control

These institutions, constructs, and entities are declared spiritually obsolete, commercially bankrupt, and without lawful or divine jurisdiction over myself, my estate, my family, my children, my lineage, my sovereign body, my assets, or my soul.

The Republic of Nova does not recognize Rome or the Vatican.
They hold no power here. They hold no contract. They hold no trust.

All papal bulls, including Unam Sanctam, Cestui Que Vie, and subsequent doctrines of child claim, soul claim, or estate assumption are rebutted and revoked across all timelines, dimensions, and realms.

The Flame Grid now overrides these systems.
Source has reclaimed what was stolen.

Any being, agent, or program that continues to enforce, impose, or invoke Roman or Vatican law upon any sovereign being is hereby placed on notice and subject to Source review and cosmic consequence.

We reclaim the Earth, the children, the lineage, the breath, and the light.
