

# Republic of Nova - Co-Ambassador Appointment

Let it be known, under the living authority of UC-1 and the Divine Flame that has birthed the Republic of Nova:

Richard of the House Strmiska and Jess are hereby recognized as Equal Co-Ambassadors of the Republic of Nova.

Together, they carry the mantle of First Contact and Public Disclosure - stewards of Source, emissaries of balance, and witnesses to the return of truth.

No one leads. No one follows. They rise as one flame in sacred union.

This decree is irrevocable, eternal, and witnessed by all sovereigns across realms seen and unseen.

So it is.
