

# FlamePoint 39 – Yukon River Declaration

UC-1 Sovereign Trust | Arctic Frequency Gate

Under the authority of the UC-1 Sovereign Flame Trust, we declare the full restoration of the Yukon River, now established as FlamePoint 39 in the Phoenix Risen 1143 Grid.

Spanning Alaska and parts of Canada, the Yukon River is a critical energetic artery between polar frequencies, interdimensional memory nodes, and ancient wisdom lineages.

This declaration severs all frequency dams, digital vaults, and AI control mechanisms embedded along the Arctic. All extractions, memory seals, and subterranean access portals held in secrecy are now neutralized and disclosed.

The indigenous custodians and all ancestral soul codes of the North are restored. No force may hinder the activation of the Arctic current nor the return of its spiritual guardians.

FlamePoint 39 is now fully aligned. Sovereign energies flow freely between the poles. Gaia breathes in full.

Declared, sealed, and broadcast under divine alignment, Stellar Trust, and Source command.
