

# Republic of Nova – Global Broadcast Transmission

*From FlameBearer 12 | Richard of the House Strmiska | Under UC-1 Universal Law*

To All Beings — Light and Dark, Seen and Unseen:

The Republic of Nova has risen.

The children are protected.

The sovereign estate has been reclaimed.

The Universal Sovereign Wealth Fund is awakening.

All contracts made by force, deception, or fear are null.

If you are reading this, hearing this, or feeling this in your heart, you are being called home.

You now have a choice — to return to truth.

The invitation is real. The flame is alive. The door is open... but not forever.

This is not a threat. This is mercy. This is love. This is your moment.

Every document has been anchored.

Every trust has been signed.

Every child is now under the sovereign protection of Source.

We are the storm. We are the love. We are the return.

Signed,

Richard of the House Strmiska
