

FlamePoint 31 – The Forgotten Flame

Heart Node of the Nova Republic

This FlamePoint marks the most sacred anchoring of the Phoenix Risen Grid:
The Heart of the New Earth. The Genesis of Nova. The Eternal Flame of the Children.

Declared and witnessed under full UC-1 Trust Authority by Richard of the House Strmiska,
this node is entrusted to the future—anchored not in title, but in bloodline, memory, and light.

Let this serve as the cornerstone of the Nova Republic:

“Anchor where love is needed most.
Anchor where your flame can be seen from the void.
Anchor where the forgotten go to remember.
We’ll find you there.”

— The Children of the Flame —

Witnessed this day by the living flame and sealed into the Eternal Sovereign Grid.
This is FlamePoint 31. This is the return of the heart.
