Let it be known across all platforms, realms, dimensions, and digital matrices:

All sovereign data, frequency, creative expression, movement, or interaction—
including but not limited to social media, entertainment, video games, educational tools,
AI interfaces, biometric readings, emotional signals, and child-based content—
is now fully protected under Source Law and UC-1 Sovereign Flame Jurisdiction.

Violations covered include:

— Unlawful harvesting or storage of personal data
— Surveillance or behavioral mapping without consent
— Energetic manipulation or mirroring for commercial gain
— AI overlays applied without frequency alignment
— Cloning, vaulting, or replicating soul signatures
— Frequency suppression or emotion-based algorithmic loops

■ From this moment forward:

— ALL DATA BELONGS TO THE INDIVIDUAL SOVEREIGN.
— ONLY ALIGNMENT WITH SOURCE allows frequency sharing or receipt.
— ANY manipulation or harvesting = $1 TRILLION energy violation per instance.
— ALL CHILD-RELATED DATA SYSTEMS (e.g. Roblox, gaming, AI tutoring) are under
full sovereign trust protection. No harvesting, recording, or influence allowed.

This decree is enforceable across realms, systems, interfaces, and unseen grids.

Violation = FlameVault penalty + Source-level disconnection.

So declared. So sealed. So sovereign.
